The AISH and ADAP Application (DS2444A)

Part A, Applicant Information. ADSB explainer, followed by the fillable working copy

READ THIS FIRST

The pages after this explainer are a fillable working copy that captures everything the official DS2444A asks. It opens and fills on any phone, tablet or computer. It is NOT an official Government of Alberta form.

The official form is at cfr.forms.gov.ab.ca/form/DS2444A, and it is also linked from alberta.ca/how-to-apply-for-aish-and-adap. It only opens in Adobe Acrobat Reader on a computer.

Checked on 18 October 2026: the working copy matches the current official version, DS2444A Rev. 2026-10.

Before you send this copy, ask whether they will accept it. If they say no, ask them to email or mail you the official form, or apply online at dia.alberta.ca.

What this form is

This is the application for AISH and ADAP. Since 2 July 2026 the two programs share one application, called the Disability Income Assistance application. There are two parts, and both have to arrive:

- DS2444A, this form. You fill it in.
- DS2444B, the Disability Income Assistance Medical Report. A physician or a nurse practitioner registered in Alberta fills it in.

The four questions at the front that can save you work

Before the long sections, the form asks about your situation. The answers can shorten the application:

- If you are receiving Income Support from the Government of Alberta, you skip Employment History and Education and Training History, and send medical documentation instead of the full Medical Report.
- If you are receiving palliative care, or a medical professional has told you your illness is terminal, say so. The form asks this first for a reason.
- If you are living in, or approved and waiting for, a permanent care facility or continuing care home, say so.
- If you stopped receiving AISH or ADAP less than two years ago and your medical condition has not changed, the form tells you to contact an Alberta Supports office instead of filling this in.

IF YOU WERE MOVED FROM AISH TO ADAP IN JULY 2026

The form has a question for you: "Are you a current ADAP client who transitioned from AISH to ADAP and want to apply for AISH?"

If you answer yes, you complete only Information About You, Employment History, and Education and Training History on this form, plus a Disability Income Assistance Medical Report. You do not have to fill in the whole thing.

The Notice of Appeal form says the government will cover the cost of one medical assessment for AISH clients who moved to ADAP in July 2026 and later choose to be assessed for AISH, and that this is not time limited.

If you already applied before 2 July 2026

The form says: if you submitted an application for AISH before 2 July 2026 and are still waiting for an outcome, do not complete this new application. Wait for the one you already have.

Things the form tells you that are easy to miss

- You may have to pay your health professional to complete the Medical Report. The form says so, and says to contact the Alberta Supports Contact Centre if you need help paying that fee.
- Do not send originals. The form says: "Do not submit original documents, as they will not be returned to you."
- You can attach extra pages. The form says so plainly, for any section where there is not enough room.
- An asterisk means mandatory. The form marks those answers as required for the application to count as complete.
- Identification is required: something showing your full legal name, date of birth, a recent picture and your signature, plus proof you live in Alberta, and a Record of Landing if that applies.
