Information for Health Professional(s)

Your patient (the applicant) is applying for the Assured Income for the Severely Handicapped (AISH) and/or Alberta Disability Assistance Program (ADAP). AISH and ADAP provide financial and health benefits to eligible Albertans with a permanent medical condition that prevents or impedes employment.

AISH and ADAP have sole responsibility for determining whether an applicant meets medical, financial, age and residency eligibility criteria for programs. We assess the information you and the applicant provide to understand how their medical condition prevents or impedes employment.

As a health professional registered to practice in Alberta, your role is to complete the Disability Income Assistance (DIA) Medical Report and provide supporting documentation to give a thorough and accurate picture of the applicant's:

- medical condition
- level of physical, mental, and cognitive functioning
- limitations on capacity to function, and
- prognosis.

Use the checklist and reference information on the next page to complete the DIA Medical Report.

Getting Consent

When completing the DIA Medical Report you, as a custodian under the *Health Information Act* (HIA), are responsible for obtaining your patient's consent to disclose personal health information in accordance with the HIA.

The DIA Medical Report and supporting medical information provided will be used by the Government of Alberta to determine AISH and/or ADAP program eligibility and benefits, and other government benefits. The DIA Medical Report may be shared, in accordance with section 12 and 13 of the *Protection of Privacy Act*, with:

- The applicant.
- A medical consultant or psychological consultant on contract with the ministry of Assisted Living and Social Services.
- The Canada Pension Plan Disability program, to determine the applicant's medical eligibility for that program, and
- The AISH Medical Review Panel, Citizen Appeal Panel and Medical Appeal Panel, if applicable.

Receiving Payment

The applicant is responsible for paying you to complete the DIA Medical Report. The fee for service consists of the equivalent to the Alberta Health Schedule of Medical Benefits, Code 03.04A (or equivalent specialty code) for the examination, plus a fee agreed to by the Alberta Medical Association for report completion.

The Government of Alberta may cover costs for you to complete and provide copies of the DIA Medical Report for applicants who are receiving Income Support. When the Government of Alberta agrees to assume this cost, you will receive an expense approval letter directly from the Income Support program or the applicant will give it to you.

This page is for information. Do not submit.

Checklist for completing the Disability Income Assistance Medical Report

- ☐ Follow the step-by-step instructions in the Health Professionals' Guide to Completing the Disability Income Assistance Application at open.alberta.ca, or refer to the Health Professionals' Guide quick reference below.
- ☐ Complete the DIA Medical Report yourself or with assistance from nurse practitioners, specialists and/or other allied medical professionals.
- ☐ Write legibly in blue or black ink if completing by hand.
- ☐ Complete each section of the DIA Medical Report.
- ☐ Use Additional Comments/Information at the end of the Medical Report or add pages if extra space is needed to answer questions or give additional information or details.
- ☐ Attach medical reports, assessments and other documentation from you, your consulting specialists, and/or allied health practitioners that relate to the applicant's condition(s), diagnosis(es), and impairment(s) - do not send the entire medical record.
- ☐ The form must be signed by a health professional registered in Alberta, or the application will not be processed.
- ☐ Make copies of the DIA Medical Report and supporting documents for your files, and give a copy to the patient/applicant.
- ☐ Submit the DIA Medical Report and supporting documents by:
 - submitting them by email to: AISHApply@gov.ab.ca, or
 - faxing them to 587-469-3006 (Edmonton Area) or 1-877-969-3006 (rest of Alberta), or
 - mailing them to PO Box 17000 Station Main, Edmonton, AB, T5J 4B3.
