INTRODUCTION

What is EmployNext?

EmployNext is Serco's workforce transformation engine for economic empowerment.

It connects governments, employers, communities and services providers to strengthen employment systems and improve coordination across the workforce ecosystem.

Through scalable innovation and data-driven accountability, EmployNext delivers responsive workforce solutions with measurable impact for individuals, employers and communities.

WHY THIS PACKAGE EXISTS?

This package has been prepared to provide stakeholders with a consolidated overview of EmployNext Alberta's functions, service coordination activities and partnership initiatives. This is the first version of an evolving document.

The information included is intended to:

- Demonstrate how services and partnerships support broader labour market and community objectives.
- Improve awareness of regional engagement and collaborative partnerships.
- Maintain transparency and clarity in EmployNext Alberta's service delivery model.

PROGRAM OVERVIEW

Experience

EmployNext has been delivering employment services in Ontario through:

- Supporting Job Seekers with training, career planning and employer matching.
- Supporting employers with recruitment support, outreach and network connection.
- Building a local community network linking services to Job Seekers and employers.

Alberta approach

In Alberta, EmployNext serves as the Prime Contractor for the South Zone through funding provided by the Government of Alberta to help coordinate the Job Seeker's journey by connecting them to Employment Services Providers and Wraparound Supports.

PROGRAM OVERVIEW

EmployNext Alberta Delivery Model

PROVINCE REFERRAL

Province initiates Referral upon which EmployNext contacts Job Seeker to initiate services.

If Job Seeker is in a Non-metro area, EmployNext connects them with an Employment Services Provider (ESP) directly.

SERVICE DELIVERY

EmployNext currently operates out of the various quadrants of Calgary:

- NW (North-West)
- NE (North-East)
- SW (South-West)
- SE (South-East)
- DT (Downtown)

Each centre has its own case managers and peer mentors that are assigned to Job Seekers providing them with the required support they need in their journey.

For Non-Metro areas, ESPs in their local communities provide Job Seekers with the required support.

WRAPAROUND SUPPORTS AND ESP NETWORK

EmployNext coordinates warm handoffs depending on the Job Seeker's needs with their network of:

- Wraparound supports such as transportation, housing, disability and addiction support.
- Providers based on client's geography, capacity and goals.

FOLLOW-UP AND ENGAGEMENT (METRO VS NON-METRO)

EmployNext team conducts:

- Regular engagement and check-ins with client after 1, 3, 6, and 12 months.
- Tracks progress on internal systems.
- Continuous service needs determination.

In Non-Metro areas, ESP conducts check-ins and engagement.

INTAKE MODEL

Referral-only intake process (Metro)

- Province staff completes Employment Readiness Assessment (ERA) for Income Support Stream C Job Seekers and informs them that EmployNext team will contact them within 5 days.
- EmployNext conducts Disability Employment Readiness Assessment (DERA) for ADAP Job Seekers.
- Job Seekers are sent by the Province directly to the EmployNext team through Compass.
- EmployNext refers Job Seekers to an ESP and stays connected with the Job Seeker through the follow-up and engagement period.
- In situations where a referral cannot be accepted due to no contact with the Job Seeker or declining to participate, EmployNext returns the referral to the Province.

- After a referral and a DERA, EmployNext creates an Action Plan with the Job Seeker.
- Once the Action Plan is created, EmployNext connects the Job Seeker to appropriate services (Wraparound Supports, Peer Support and Resource Centre access) through Service Navigation and Case Management.
- EmployNext works with the Job Seeker for 12 months helping address barriers and connects them with an ESP based on a tailored assessment to prepare and find work.
- EmployNext conducts follow-up and engagement after 1, 3, 6 and 12 months during the Job Seeker's secured employment period leading to the Program Exit.

Referral-only intake process (Non-Metro)

- Province staff completes Employment Readiness Assessment (ERA) for Income Support Stream C Job Seekers and informs them that EmployNext team will contact them within 5 days.
- Job Seekers are sent by the Province directly to the EmployNext team through Compass.
- EmployNext completes referral intake and connects the Job Seeker to a local ESP that provides full scope of services.
- ESP conducts Disability Employment Readiness Assessment (DERA) for ADAP Job Seekers in Non-Metro areas.
- In situations where a referral cannot be accepted due to no contact with the Job Seeker or declining to participate, EmployNext returns the referral to the Province.

- After a referral and a DERA, ESP provides services and support based on the requirements of the Job Seeker.
- ESP conducts follow-up and engagement after 1, 3, 6 and 12 months during the Job Seeker's secured employment period leading to the Program Exit.

Key referral terms

- **Employment Readiness Assessment:**

- It is an employment readiness assessment designed for Stream-C clients and clients with complex barriers to employment such as mental health challenges, housing instability and addictions.
- Conducted by the Province staff.
- Supports employment planning by identifying strengths, needs and barriers that influence an individual's readiness for work.

- **Compass:**

- Platform for all Province Referral activity.
- Real-time visibility into referral status, outreach, provider connections and outcomes.
- Supports coordinated responses across the Employment Services Referral Network.

- **Disability Employment Readiness Assessment:**

- It is an employment readiness assessment designed specifically for people with disabilities.
- Conducted by EmployNext in Metro and Employment Services Providers in Non-Metro areas.
- Supports employment planning by identifying strengths, needs and barriers that influence an individual's readiness for work.

- **Wraparound Supports:**

- Job Seekers are connected to community service providers to help address a wide range of personal, social and practical barriers that can impede employment success.
- This includes support with Disability Related Employment Supports applications.

- **Program Exit:**

- Takes place when the Job Seeker has completed all Action Plan activities.
- Occurs earlier for participants who have had a change in circumstances or exhibit behaviour that compromises staff safety.

ADVISORY PANELS INVITES SENT: SUMMER 2026 LAUNCH: FALL 2026

Advisory Panels including Employment Services Providers, Employers and Wraparound Supports will help guide service delivery and contribute to an evolving delivery model using continuous feedback and collaborative problem-solving.

EmployNext is committed to creating inclusive and client-centered service delivery through collaborative learning, shared planning, and the integration of lived experience perspectives. Ongoing engagement with partners through Advisory Panels will help inform training, strengthen practices, and ensure services remain relevant to changing community and workforce needs.

Employment Services Providers Panel:

- Regular meetings and conferences to jointly develop client support plans.
- Formal MOUs with strategic partners clarifying roles, referral pathways and functions.
- Coordinated engagement ensuring high-quality service across Metro and Non-Metro areas.

Employers Panel:

- Education and training equipping employers to implement inclusive practices for Job Seekers with disabilities, mental health challenges, or other barriers.
- Employer roundtables, job fairs, and sector-specific recruitment events fostering collaboration and knowledge sharing.

Wraparound Supports Panel:

- Established referral networks linking Job Seekers to housing, mental health and addiction agencies, Indigenous-led organizations, accessibility services and other services.
- Cohesive digital and manual tracking on shared systems ensuring follow-ups and measurable outcomes.
