Overview

Albertans with disabilities and the organizations that support them have said they want supports that meet their unique needs and abilities, rather than the one-size-fits-all approach currently offered by the Assured Income for the Severely Handicapped (AISH) program.

The [Alberta Disability Assistance Program \(ADAP\)](#) will be offered in addition to AISH and will empower Albertans with disabilities to pursue fulfilling job opportunities while continuing to receive the financial, medical and personal supports they need.

We want to hear from AISH clients, advocates, stakeholders and interested Albertans who want to help shape ADAP. We will be holding different types of engagements throughout August and into September.
