

NOTICE OF TEMPORARY MEDICAL LEAVE

Temporary change of availability — given under section 16(f) of AR 96/2026, not a request

NOTICE OF TEMPORARY MEDICAL LEAVE

Temporary change of availability — given under section 16(f) of AR 96/2026, not a request

- (a) That you have received this notice, and the date you received it.
- (b) That my participation in employment or employment-support activity is treated as paused for the medical period described above.
- (c) That my financial benefit and health benefits continue during this period.
- (d) If you consider that anything further is required of me during this period, what it is, and the provision you say requires it.

The basis for this notice

Section 16(f) of AR 96/2026 requires a client to notify a director of any matter that could result in a benefit being refused, suspended, varied or discontinued under section 15. A medical matter affecting availability is such a matter, so this notice discharges that duty.

For ADAP clients, section 15(4) allows action only where, in a director's opinion, the client "refused to seek or accept" work, "reduced or terminated" reasonable employment, or "refused or neglected" to take part in an employment support. Being medically unable to attend is not refusing or neglecting. This notice records that the change is medical, not a refusal.

Where being away from Alberta for more than one month is involved, section 16(b) applies and is addressed in Part 3 above.

Before you send

Keep a copy of this notice with the date you sent it. Ask for a written reply and keep that too. If you send it by email, the sent email is your dated proof. The record that you gave notice is the protection — not the reply itself.
