

FOR ALLIES & SUPPORTERS

You don't have to be disabled to **care.**

Alberta is forcing over 60,000 people with disabilities off a stable program they were assured was permanent. This affects your neighbours, your family, your community — and every Albertan taxpayer.

HOW YOU CAN HELP RIGHT NOW

1

Share this group

Every person you bring in is another voice. Non-disabled voices carry weight politicians can't dismiss as 'just complaining.'

2

Write your MLA

Use our free fillable letter template. It takes 10 minutes. Templates are pinned in the group.

3

Talk about it

At your workplace, at dinner, online. Silence lets this happen quietly.

4

Submit a community story

Know someone affected? Their story is evidence. Submission forms are in the group files.
