

ADAP Exemption — Recipient Statement

Document your exemption — or contest a wrong placement — under the AISH-to-ADAP transition

WHEN TO USE THIS FORM

Since May 12, 2026, the Government of Alberta has been issuing placement letters telling AISH recipients whether they remain on AISH or transition to ADAP in July 2026. Four categories of recipients are exempt and automatically remain on AISH. Use this form if you are in one of those categories, to document in your own name and signature the category you fall in, the communication you have or have not received, and any contradiction between the published criteria and your placement letter.

THE FOUR EXEMPT CATEGORIES

From the Government of Alberta's ADAP page and the May 12, 2026 ADAP Fact Sheet. Each category is written with "or" — meeting any one branch is enough.

- A severe and profound developmental disability, OR deemed eligible for or receiving PDD services
- A palliative or terminal medical condition
- Living in a continuing care home
- Age 60 or older

HOW TO USE THIS FORM

1. Fill in your information and check your exemption category (page 2).
2. Check the communication you have or have not received (page 3).
3. Add any details, or describe how a placement letter contradicts the criteria.
4. Sign and date.
5. Send copies to the recipients on the last page. Keep a signed copy.

WHERE IT GOES: your MLA, the Minister, the Ombudsman, and the campaign record. Full list on the last page.

2. EXEMPTION CATEGORY

Check the box(es) that apply. For the developmental-disability category, the criterion is written with “or,” so meeting any one branch is enough — you do not need to be enrolled in PDD.

☐ I am 60 years of age or older.

Developmental disability — the criterion reads: a severe and profound developmental disability, OR deemed eligible for or receiving PDD services. Check any that apply:

☐ I have a severe and profound developmental disability.

☐ I have been deemed eligible for Persons with Developmental Disabilities (PDD) services.

☐ I am receiving Persons with Developmental Disabilities (PDD) services.

☐ I am a resident of a continuing care home (Type A — long-term care; or Type B — designated supportive living).

☐ I am receiving palliative or end-of-life care.

3. COMMUNICATION RECEIVED

Check all that apply:

- ☐ I was informed verbally by an AISH caseworker, a Government of Alberta employee, or a healthcare professional that I am not transitioning to ADAP because of the exemption category indicated above.
- ☐ I received a written letter from the Government of Alberta confirming I am remaining on AISH and not transitioning to ADAP.
- ☐ I received a placement letter dated on or after May 12, 2026 indicating I am being transitioned to ADAP — despite being in the exempt category above. This contradicts the Government's own published criteria.
- ☐ I have not received direct communication but understand from publicly available Government of Alberta information that I am in an exempt category.
- ☐ Other communication received (please specify in Section 4 below).

Date of communication (YYYY-MM-DD)

Official name (if known)

4. STATEMENT AND DETAILS

I am completing this form to document my exemption status under the AISH-to-ADAP transition framework. The Government of Alberta has identified four exempt categories, and I belong to one of those categories. I am completing this form either (a) to document my expectation of remaining on AISH consistent with that exemption, or (b) to formally contest a placement decision that contradicts the published exemption criteria.

Additional details, concerns, or notes (optional)

Maximum: 2000 characters.

5. SIGNATURE AND DATE

If you checked the placement-letter box on page 3, this form is your written record that the placement contradicts the published criteria. Keep it — a documented contradiction is exactly what supports a challenge to your MLA or the Ombudsman.
