INSTRUCTIONS

How to complete and submit this form

How to make a request

Under the Access to Information Act (ATIA), to obtain access to a record, your request must:

- Be in writing (this form satisfies that requirement).
- Be submitted to the public body that has custody or control of the record.
- Provide enough detail to identify the record within a reasonable time and effort.
- Be accompanied by a fee where one is required (no fee for personal information).

Response timeline

The public body must respond within **30 business days** from receiving your request. They may extend this for additional reasonable purposes. If you receive no response or are dissatisfied with the response, you may request a review by the Office of the Information and Privacy Commissioner (OIPC) at oipc.ab.ca.

About you

Enter your full legal name, complete mailing address, and contact information so the public body can reach you about your request. An email address is recommended for faster correspondence.

Type of information

Personal information = recorded information about you. This includes your AISH file, medical reports submitted in support of your application, financial records, caseworker notes, decision rationale documents, and any correspondence in your file. There is **no initial fee** for personal information requests. If photocopying costs exceed \$10, you will be notified before charges apply.

General information = records that are not your personal information (for example, statistical data, training manuals, or third-party records). There is a **\$25 initial fee** for general information requests.

Identifying records

When requesting your own personal information, include any other names you have previously used and any identifying numbers (case number, file number, client ID). The more specific your request, the more complete and accurate the response.

Time period

Specify the dates or date range of the records (for example, "from initial AISH application in March 2015 to present" or "January 1, 2020 to August 31, 2024"). Open-ended ranges (application date to present) are acceptable for personal files.

Submitting your completed form

Three submission options:

1. **Online (recommended)** — Submit through alberta.ca/submit-a-foip-request using your Alberta.ca Account. The form is digitized — same questions, same legal effect.
2. **Email** — Save this completed PDF and email it to the appropriate ATI Coordinator (see Page 3 for AISH, FSCD, PDD and other disability-program contacts).
3. **Mail or fax** — Print this completed PDF and send to the address or fax number listed on Page 3.

After you submit

Keep a copy of your submitted form. The date the public body receives your request starts the 30-business-day response clock. If you submit by email, save the sent message as your timestamp. If you submit by mail, send tracked or registered.

Pre-written language for "What records do you want to access?"

The form on Page 1 is pre-filled with the **Full AISH file** request. To use this form for FSCD, PDD, or a narrower decision-only request, replace the pre-filled text with one of the alternative blocks below.

Full AISH file (default — already in the form):

Complete AISH file from application date to present, including: all medical reports and assessments used in the eligibility decision; all financial records and disclosures; all caseworker notes and case logs; all correspondence to and from the file (mail and email); decision rationale documents and any internal review notes.

FSCD file (Family Support for Children with Disabilities):

I am requesting access to the complete FSCD file for [child's name and date of birth], for whom I am the parent/guardian. I am attaching proof of guardianship. The request covers the period from initial application to present and includes all medical and professional assessments, all caseworker notes and case logs, all funding decisions and rationale, all correspondence (mail and email), and all internal reviews or reassessments.

PDD file (Persons with Developmental Disabilities):

I am requesting access to my complete personal PDD file from the date of initial eligibility determination to present, including all eligibility assessments and documentation, all individual service plans, all caseworker notes, all funding allocations and rationale, all correspondence, and all decision and review documents.

Decision-only request (faster, narrower):

I am requesting access to all decision documents, decision rationale, internal review notes, and supporting analysis used to determine my eligibility for [program] and any subsequent reassessments, from [date] to present.
