

Distribution List — “Send it everywhere”

How to use this: the cover letter has a bracketed “What I am asking of you” line — tailor it per category (legal = *take carriage / advise*; oversight = *investigate*; UN = *receive as a submission / interim measures*; political = *act / halt the transition*; media = *cover this*). Attach the four documents (Word or PDF) to each. Verify each current email/address on the organization’s website before sending — direct addresses change; the official sites below are the stable route. Send the ones most likely to act first (legal clinics, Ombudsman, MLA, media) without waiting to reach all of them.

Suggested sending sequence

1. **Now:** your MLA + Marie Renaud + the Ombudsman + one legal clinic (PILC or ARCH) + one reporter who already covered Bruce Johnson (Global/CTV).
2. **This week:** Alberta Human Rights Commission complaint filed (Document 3); the broader legal and advocacy list; the Minister and Premier.

3. **In parallel, with a disability-rights org’s help:** the UN submission (Document 2), which is strongest when co-signed by an experienced organization.

Keep a simple log (date sent, to whom, response) — it becomes part of the record, including for the UN “exhaustion of domestic remedies” analysis.
